

Ridgetown Biodiesel Workshops

The Canadian International Grains Institute, in partnership with the University of Guelph's Centre for Agricultural Renewable Energy and Sustainability (CARES) at the Ridgetown Campus, and Farm Credit Canada is pleased to offer hands-on training in biodiesel production.

DATES:

NOVEMBER 17 – One Day Workshop

Learn how biodiesel is made and used and make some from your own seed or oil.

Fee: \$36.75 (includes lunch)

Student fee: \$18.38 (student ID required)

NOVEMBER 18-19 – Two Day Advanced Workshop

Discover some of the secrets of producing quality biodiesel from a range of feedstocks. This hands-on workshop will provide the opportunity to expand your knowledge of biodiesel production and give you the tools to address the challenges associated with making fuel

Fee: \$367.50 (includes lunch)

Student fee: \$183.75 (student ID required)

Optional textbook available for purchase - *Building a Successful Biodiesel Business* (Van Gerpen et al., 2006): \$73.50

*Fees include GST

Workshop location:

Engineering Shop, University of Guelph, Ridgetown Campus - Ridgetown, Ontario

Register at www.cigi.ca
